

TEODORA COZMA

FRONTEND WEB DEVELOPER

teodoracozma.dev@gmail.com

<https://www.linkedin.com/in/teodora-cozma/>

I am an ambitious Junior web developer, consistently learning about the various tools and technologies for both front and backend development. I am looking to become an experienced developer in a professional environment that will push me to sharpen and branch out my skillset, as well as bring creative ideas to life in a meaningful way to others.

PROFESSIONAL EXPERIENCES

SEPT 2021 - APRIL 2022 – JUNIOR WEB DEVELOPER, BECODE BRUSSELS

Intensive hybrid training & applied experience in web development

- Acquired technical skills in front and back-end development, as well as solid knowledge of best practices used in the creation of websites and applications.
- Applied my previously acquired visual arts experience towards the significant improvement of application design and usability.
- Utilized Laravel as the PHP development framework for back-end development and RESTFUL API management.
- Developed an interest and acquired knowledge on content management, with a focus on Drupal web content management system.
- Honed my soft skills to complement my technical skills, in areas such as project team communication, work stream coordination, logical and critical thinking.

Interest in and exposure to web application frameworks

FEB - MAR 2021 – EXTERNAL INTERNSHIP AT WIELS CONTEMPORARY ART CENTRE

Registrar intern, document preparation, communication

- Teleworking internship over one month, in the capacity of exhibition registrar.
- Preparation of necessary documentation for the summer exhibitions « Jacqueline de Jong » and « Regenerate », and the autumn exhibition « Marcel Broodthaers ».

JULY - AUG 2018 – INTERNSHIP AT KOMPLOT ART CENTRE

Assistant intern, project coordination and installation of exhibitions

- Installation of the « DISORDER » room in the *Somewhere in Between* exhibition at BOZAR.
- Installation of artworks by Antoine Renard in the context of the urban project « CATS IN THE CITY ».
